MAKE YOUR OWN CRYPTOCROCHET KEY
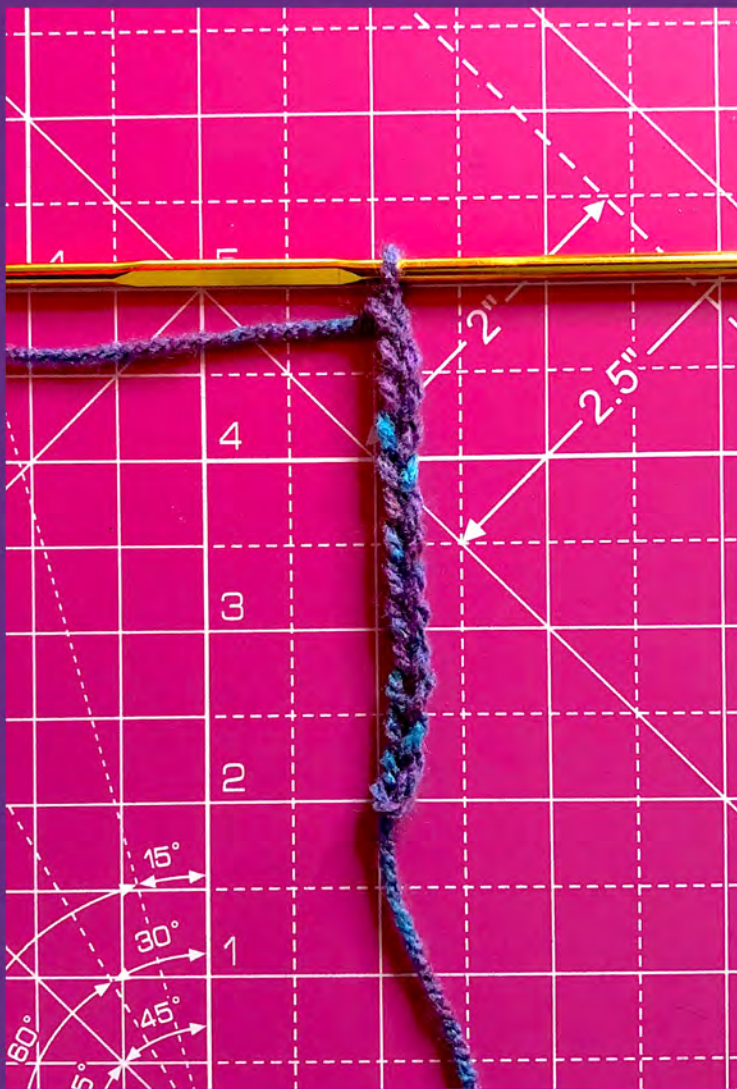

A tutorial by Anuradha Reddy

You will need:
- Multicolouryarn
- 3.5/4mm crochet hook
- Tapestry needle
- Stitch markers
- Scissors
- Cotton stuffing

THE
DOUGHNUT

ROW 1:

Chain 13 stitches.

Slip stitch to
the first chain stitch
to form a circle.

ROW 2:

1sc x 13 (13sc)
around the circle.

ROW 3:

2sc x 13 (26sc)

ROW 4:

2sc, 1sc x 13 (39sc)

Cut and weave in
the yarn.

ROW 5:

Flip around and
go back to ROW 1.

1sc x 13 (13 sc)

ROW 6:

2sc x 13 (26sc)

ROW 7:

2sc, 1sc x 13 (39sc)

Cut yarn leaving a
long tail.

Stuff the middle of the two circles with cotton.

Weave together ROW 4 and ROW 7 with the long tail of yarn to form the doughnut. Voila!

THE LONG LEG

ROW 1: Chain 16 stitches.

ROW 2 to
ROW 8:
Ch 1, 15sc

Connect ROW 1 and
Row 8 to form a tube.

Cut and weave a long
tail to cover one end of
the tube shut.

Stuff a little cotton and
weave the other end to
the doughnut.

THE SHORT LEGS (x2)

ROW 1: Chain 9 stitches.

ROW 2 to
ROW 5:
Ch 1, 8sc

Connect ROW 1 and
Row 5 to form a tube.

Cut and weave a long
tail to cover one end of
the tube shut.

Weave the other end to
the edge of the long leg
(you could use yarn scraps
for stuffing).

Repeat to make a second short leg and place it next to the first with a slight gap between them (to resemble a key).
